| | Total Income | \$306.00 |
| Balance: | June 14th, 2024 | \$8,478.20 |

- As of June 14th, 57 members plus 4 club officers

Old Business:

- Lane County Fair - July 24th-28th
 - Ken shared that we have a spot in the vendor's pavilion.
 - There is plenty of space to display planes. We could even hang some.
 - Ken has a sign-up sheet for volunteers to staff the display. Ideally three people per shift. Two shifts per day, six hours each shift.
 - They will provide tables and stanchions for keeping people away from the planes
 - Monday and Tuesday are set up days. Tear down is the Monday after the show.
 - If you are volunteering a plane for display, it needs to stay for the whole show.
 - There will be a simulator set up.
 - We will decide on July 8th if we have enough volunteers. If not, we will have to cancel.
- Storage container – Holding off for now.
- Jim asked for two work parties
 - Windsock done, and parking lot weeds burnt off.
 - Jim has white paint for parking lot lines. Needs a volunteer to help.
- MonsterFest:
 - Food truck
 - Sam is following up with a potential food truck.
 - Jeff has a potential lead too.
 - For now, we are going to remove mention of it from the advertising.
 - Raffle prizes – membership approved \$1,400 for Extreme Flight prizes

- Pre-registration – decided there is no benefit to asking folks to sign up in advance and not commit by paying in advance.

New Business:

- Roger placed a cone by the nest a bird has built in the parking lot.
- Jim proposed plowing the swamp area, after MonsterFest, when they till the fields.
- Sam Monsen introduced himself as a new member.
- Next meeting will be at the field on Saturday July 27th.
