Hi All,

As I was flying my plane this Monday morning in a light mist, I was thinking over how the seasons are changing!

We have had a good, long summer, with all our different "events" going off fabulously! These do not go smooth on their own!

There is always a group that carries the load, and it is important that the rest of us remember to thank them for all they do!

The "watering gang", under the leadership of Jim Corbett is key to our field being one of the nicest flying spots in the Northwest, and they deserve to be recognized!

The "burger brothers", Jeff Lutz, and Al Barrington, have kept us in calories all summer, and we are all very thankful for all you do! *see you soon!*

All who go out of their way to make dump runs, and build, or repair things around the field, it does not go unnoticed, and I'd like to say Thank You!

Thanks to Brad Werneth, Mike Burgess, Pat Willis, and his Sons, Bob Funk, Mike Lee, Frank Blain, and others, who outlaid cash to purchase give away items at our Monster fest, and those who set up sponsorships, secured permission for camping, logistics, pool party, did the candy drops, and basically ran that event! I think everyone who attended had a great time!

We are working on getting our field "sanded" before the rains set in. I am trying to get in touch with a front loader operator, and I will be ordering some sand to put on our field before it gets soft.

Jim has stopped watering the field for about a week, and so we should be able to drive on it without much "packing".

Our meeting will be at the field next Saturday, the 15th, at 1:00 p.m.

Perhaps we can get the sand done on that day?

I'll put out a shout as I learn more.

See you soon! Rog

Field Maintenance Report - Jim Corbett

Field notes:

My thanks to all the work party folks that setup took down stuff at the field for the Monster Fest event.

Eight of the OLD flight tables made their way to Lane Forest Produces recycling facility.

Runway watering has been discontinued until we apply sand to the runway, after that we will start watering again.
