

RC AEROGRAM

Eugene RC Aeronauts Flying Club

Editor – AL Barrington Volume 17 Issue 5 August 2021

Deadline for next edition: September 10, 2021.

Next Club Meeting – Saturday, August 21, 2021
After Lunch about Noon

From Our President

Hi All,

We had an excellent time at our first event of the year, on Memorial Day! Thanks for all who came out to fly! The food was awesome, thanks to Chef Jeff, who cooked up the lunch!

The planes followed our directions for the most part, and we saw very little in the way of balsa planting being done!

I have heard reports that some of you have been playing “hide and seek” in the tall grass with your planes, so I should remind you to fly high enough, and in the same zip code, so that if the engine stops making noise, you can glide it back to the runway!

I would like to welcome the new faces that have joined us recently, and remind us all that if you see a new face, introduce yourself! I find that I introduce myself to the same person many times, hoping they don't notice that there's dust on my memory!

Thank you to all who have been keeping the field watered and mowed! We all really do appreciate it, and those riding mowers are therapeutic, in case you'd like to join in on the fun!

Hope to see you out there soon!
Roger Dahl

Work party Club house painted and bleachers refurbished.

Editor's Note:

We recognize current Covid precaution guidelines. We are currently maintaining an open field to fly at your own risk. Virus carriers put others at risk.

The health and safety of our members and anyone who visits our field is a top priority. We ask that everyone be respectful and considerate in controlling exposure to others by keeping our distance and using common sense sanitation methods for everyone's protection and to keep the field open to enjoy.

Thank you and happy landings, AL

Monsterfest 2021

by Pat Willis

ERCA Members,

Monsterfest starts Friday, and I am hoping that you are all as excited as I am! A few things we need from you to make this the best event it can be:

-We will be having a work party tomorrow (Thursday) evening starting at 6 p.m. to hang banners, move benches, put up the PA system, put up road signs, and some other small tasks.

-We may not be able to use the field to the south this year. If the sheep fence is up, we can't take it down, so we will need to very thoughtful about parking! Let's leave our gravel parking area open for spectators and those with limited physical abilities. RV's and trailers can park parallel to the road to the east and west.

-We are looking at some potentially very high temperatures, so if you have a spare cooler lying around, please fill it with ice and bring it to the field so that we can provide cold drinks for our members and visitors. I'm planning on getting some crates of soda and water to bring out for everyone.

-The raffle has some fantastic prizes, so bring your cash and your lucky charm and buy some tickets!

-Safety is more important this year than ever given the ever-increasing scrutiny of, well, everything! Let's make sure that we respect the deadline, which is the south edge line of the runway, and not overfly any people, RV's, etc.

-We will have a pilot's meeting each day at 0900 to go over safety rules, questions, etc.

-Saturday evening BBQ and pool party will be at the Burgess compound and is for pilots and their families. I'll be smoking some chicken, Mike Burgess has smoked salmon, and please feel free to bring side dishes.

Thank you in advance for everyone that makes this event a success every year!

-Patrick
