Editor – AL Barrington    Volume 19 Issue 5    May 2023

Deadline for next edition: June 13, 2023

**Next Club Meeting** – Saturday, May 20, 2023,  
1pm, At the Flying Field, BBQ at Noon

## From Our President

Hey All,

The rain is getting warmer, so it's time to fly!  
We have actually had some lovely days this month, already, and some hot days are in the works!

I recently peddled some items in the Creswell Swap Meet.

Attendance was down, but we did O.K.

I still have odds and ends that could find a new home, so let me know what you may need.

Our club meeting this month will be at the flying field, 1:00 pm. A BBQ Lunch will precede it! (About noon)

See you then, if not before!

Rog

Hello friends!

Here are the notes from the finance and admin side of the club this month:

- Another four club members have renewed their membership. Thanks!
- We've had one new member join the club: AJ Thompson. If you see him at the field, make sure to say Hello.
- The BBQ supplies cost was a little higher than we expect them to be for future meetings as there were several things Dave picked up that will last us through the season.
- Roger was reimbursed for the concrete for the bench installation and Jeff was reimbursed for the replacement plank we had to get for the name correction.
- We have heard nothing from Eugene tower about our Letter of Agreement yet, so we will continue with business as usual.
- Earlier this month, the AMA said they were working through the FRIA submission that had been submitted up to January. Ours was submitted on February 6<sup>th</sup>, so I am hoping we will hear from the AMA about their submission of our FRIA request to the FAA soon.

Thanks, Martin

## Field Maintenance Jim Corbett

### Field care

Watering runway may need to start late May, or early June.

Below is last year's crew.

I would appreciate it if you would reply if you are willing to be on the crew this year.

If you know someone else that might like to be part of the crew, please let me know and I will contact them.

The plan is to water once a week until late July or early August, then water twice a week. Last year that worked out to a once-a-month task for each volunteer until late July or early August, then maybe twice a month.
