Hello friends!

Here are the notes from the finance and admin side of the club this month:

We have three new or renewed members: Oliver Gmelch, Gary McClellan and Sean Wilson.

Field expenses for the start of the season have come in. There were some additional maintenance expenses that were approved at the last meeting. See the breakdown above.

Above All Sanitation restarted monthly service on May 25th. The first payments to them were a little more as we had them clean out the old unit and we paid delivery for the new unit. Ongoing monthly service cost will be \$96.00.

New LOA was received from the Eugene Airport. It has been posted on the website and is valid until May 9th, 2025.

There is still no word on the FRIA status. The FAA seem to be dragging their heels and have been required to do a generic environmental assessment (not location specific) before they can approve anything.

Thanks, Martin
