ERCA News and Information

Next CLUB Meeting – Wednesday, June 27, 2012, 7:00 pm at the field. If you have a building project, bring it with you for "Show and Tell".

At the May meeting - 14 members attended. ?? won the 50/50. Two members brought aircraft for show and tell.

Work party – 12 members showed up in iffy weather to spread gravel around the pit area. Most of the work was completed before the

rain arrived. Burgers and hot dogs rewarded the crew. President Brad rented a trencher and the 2" PVC pipe for the wires from the Club house to the Power Station is in place.

Oregon Air and Space Museum has invited our club to display our planes at an event they are hosting at the museum this July 21 & 22nd.

We have had several members volunteer to man the display.

Meeting minutes are ONLINE at: <http://eugenerc.org/meetings.html>

ERCA Club fundraising

RAFFLE

\$200 Gift certificate for Trumps Hobbies
So, look under the sofa for loose change and buy tickets. It's a chance to win a Gift Certificate to purchase any item that is

available at Trumps and help out the club along the way.

September 3, **ERCA** - Labor Day Fun Fly. - ERCA Field. 9am to 6pm weather permitting.

Project Field Power - aka Power Station aka Charging Station

Most of the building is complete, some wiring and other miscellaneous things to do.

Testing of the charging system is going well. There have not been any issues with using SOLAR and an AC powered Battery Charger at the same time.

The trench has been dug and the PVC pipe to run the wire from the Club House to the Power Station location was installed June 22nd. Next the wire will need to be installed and connected to both the Club House and Power Station.

Some CASH donations would be appreciated to offset some of my out-of-pocket expenses. Jim Corbett

Field Report - June 22nd work party

Fresh gravel for the pit area. A crew of 12 members shoveled, wheel barrowed and spread three truck loads 3/8" minus crushed quarry gravel.

Clearing the pits.

Flight tables at rest

Waiting for the truck

Starting the work

Lunch Break!

Trench for Power Station wire

The Trench crew – Supervisor, worker, safety officer = one 18 foot long trench, in 30 minutes or less. It took a couple hours to cut, glue and assemble the PVC pipe and re-fill the trench.
